### \*Consent and Waiver Forms

#### **Do I have to sign all forms?**

- Adult participants should sign 2 forms. These are the Adult Consent Form and the Adult Medical Release.
- Parents of minors should sign 2 or 3 forms, depending on who accompanies the minor.

#### **How do I know whether to sign 2 or 3 forms to register my child?**

- 2 forms for minors traveling with parents

Parents of minors should sign 2 forms if they will accompany their child on the trip. These forms are the Consent Form Minor and the Medical Release Minor.

- 3 forms for minors traveling without parents and with another adult

If parents of minors will not accompany their child on the trip, they must also sign the 2 forms for minors listed above, the Consent Form Minor and the Medical Release Minor. However, another form is required for minors traveling without their parents. This form is called Parental Travel Consent and authorizes another adult to travel with your child and to act as temporary legal guardian on your behalf.

Your program checklist is complete. You are now ready to register and pay for your trip.

**Happy travels!**
